STATE REPORTS			
1.Legislative:	Final revisions completed and going forward with some final issues in process of resolution.	John Scott	
2.Nurse>Paramedic:	Issue still very heated. Concerns over what other professionals could sit for exam will be dealt with next year. 2 choices; A. increase clinical time required, B. go to BON and present case for prehospital certification. They can then perform functions under nursing license. (Suggestions: increased ride time, airway management, and pediatric component.) Recommend: Gather information for next

Open Discussion	<p>Time to renew website, invoice submitted and paid. If Pilot’s Group wants to be a part of our website, it would decrease the cost.</p> <p>Joann questioned if EMSC would entertain an alternative to the “Braslow “ carts, taking away the drips (eliminating the rule of 6). Recommend taking the issue to EMSC education Committee</p> <p>Marybeth asked what other programs are doing to document and make information required by state easier to obtain. Rescue net and Golden hour are being used to help with this.</p>	<p>David</p> <p>Joann</p>
